ANNUAL FALL SALE

FENTON
HEREFORD RANCH

61st ANNUAL
Production Sale

NOVEMBER 27, 2025 IRMA, AB

Welcome

TO FENTON HEREFORD RANCH

We would like to welcome you to our 61st Annual Sale and our 79th year of raising registered Hereford cattle. Exciting times in the cattle business and long-awaited. It has been really rewarding watching cattlemen market their calves and yearlings this calendar year as it's like a weight has been lifted off their shoulders. Years of effort and sacrifice has finally paid off. A renewed sense of accomplishment and pride goes a long way. We have always enjoyed what we do for a living but it sure doesn't hurt to keep the banker happy too. I've heard a few guys mention lately that their wives have suddenly taken a new shine to the cows!

On offer this year we have the strongest set of bulls from top to bottom that we have ever raised. Alongside them we have a set of 30 registered bred heifers that we feel exemplify our program. These cattle have been culled ruthlessly for quality and temperament as we feel they must go hand in hand.

I believe we first started selling broke saddle horses in our sale in 1996. At this time the brood mare band expanded and from the beginning the Bennett Ranch has been here. This is no doubt the deepest set of foals on offer in the history of the ranch. Almost any color possible is available this year but above all else quality runs deep.

With that I'd like to invite you to the sale
Thursday, Nov 27th 1:00 pm MST.

Videos of all lots will be available DLMS.ca

FHR REFERENCE SIRES

FE 44S RED SKYLINE 24U

SNS 3P SKY BRIT 44S X SGC HAWKEYE LASS 29H

24U is a foundation bloodline here on the ranch. The natural thickness and extreme docility in this line is still evident today.

ZZB 78A RED K LAD 95D

RUT 10X AMIGO LAD 78A X ZZB 270U LADY DI 27Y

High selling bull in the 2017 sale to JNHR. We continue to put back as much natural fleshing ability, structural correctness and docility into our cowherd.

C 81Y MISTY LAD 77B

MVF 219T STD TURN LAD 81Y X C 31S SUNRISE LADY 31X

77B was purchased from the Corbiell Bull Sale. An own Turnin son with as good a hair coat as you can put on a beef animal. Has to be admired for his depth and overall body mass.

FE 63W STANDARD DOM 114B

BP 101T STANDARD DOM LAD 63W X NORTHFORK 83A ADV LASS 7M

This bull consistently sires productive cattle. He solidifies feet, udders, disposition and milk. Paternal brother to herdsire 200B.

FE 63W STANDARD DOM 200B

BP 101T STANDARD DOM LAD 63W X FE 144K RIBSTONE 113P

A bull that put wide-topped females back into our herd. He promotes easy fleshing, moderate birth weights, low maintenance, and disposition. Paternal brother to 114B.

FE 77B TURIN SUNRISE 54H

C 81Y MISTY LAD 77B X FE 418Z ROBIN AMIGO 212C

A bull held back to replace his sire 77B. This line will promote hair, correct udders, deepen flanks, and add a steep foot.

FE 170E REST EASY 77H

FE 5B REST EASY 170E X FE 218C SUPERMAN LASS 52F

Originally used as a calving ease sire that we thought enough of to give him second calvers as well. Offspring will make exceptional females. Excellent disposition.

FE 200B STANDARD RIBSTONE 80G

FE 63W STANDARD DOM 200B X FE 310Y EASY LASSY 193B

Leadoff bull in our 2020 sale selling to Edmond Russell, Manitoba. We felt our best 200B sons had got away from us so after a couple years of breeding we were able to bring him back. Progeny feature.

FE 50E EARL 61J

BAR-RZ 6964 EARL 50E X SGC 157Z XEMPT LASS 63D

Purchased from Bar B out of a cow we think a lot of. Has grown into an impressive bull. We anxiously await the first daughters.

TLELL 4013 KINETIC 12K

INNISFAIL WHR X651/723 4013 ET X TLELL 8N RED R00 ET 29Z

Purchased as a calf from Don Richardson. 12K was used on a handful his first year and has seen a full slate since then. He has developed into an extremely deep sided, broad topped, massive Herd Sire.

FE 205F RANCH STANDARD 179J

FE 279A RANCH STANDARD 205F X FE 89P ALBERTA RIBSTONE 141W

One of the feature sires. Purchased from Bar B out of the old 141W cow. We watched as all 141W daughters rose to the top of their respective age groups regardless of mat-ing. Maternal brother to Herd bulls BRF 334A, and BRF 120F. 179J is the 11th calf of 12 registered to 141W.

FE 95D DANDY AMIGO 136H

ZZB 78A RED K LAD 95D X FE 200B STANDARD RIBSTONE 176E

Another sire held back due to his performance, dam, and granddam. According to the milk numbers (EPD's), it says progeny from this bloodline should dry up and blow away. But when this Dam and Granddam consistently wean calves that are between 600 and 700 lbs off true grass (not crept, but summered on native grass) our experience and confidence in this lineage is to believe what we see and not what the computer is telling us.

LAMPORT'S 42F HARVESTER 29H

LAMPORT'S 125D FRONTIER 42F X LAMPORT'S 121Z BONNIE 21B

Purchased from Lamports in the Medicine Hat Bull Sale. In our search for new outcross polled genetics we found 29H. He sires cattle with extra middle, quarter, disposition, length, hair, heel, pigment, a deep eye set, and square testicles.

One of the premier bulls in the offering. This cow never seems to disappoint. She has raised multiple herd sires including one working here on the ranch (FHR 7G), one for Misty Valley Ranch and LO Herfords (FHR 5H), and last year's high seller to Truby Ranches, Colorado (FHR 18L). Her first daughter is the maternal Great Great Granddam of Log Valley's high seller (MJ 15L) last year to Lanni Bristow. This bull is the easy keeping kind with pigment in both eyes and scrotal. Tremendous thickness, broad topped, deep-flanked and clean made. Outstanding natural docility. Have a serious look here.

An extremely stylish, square made 136H son. These old time Canadian genetics get slammed on the EPD's unfairly and especially on the milk. This pedigree has my best producing cow, 28W, top and bottom and now her daughter as expected brings in the 6/121 weaning weight and 2/119 yearling weight yet the milk EPD is far below average. Out of 156F a bull that we raised out of 334A that worked really well for us and out of one of our favourite cows 416E, a moderate female with a real nice udder who has raised multiple bulls for us. Sons have sold to Craigs Ranching Co. And Sandstone Cattle Co. He's a lot like his sire, his temperament is top notch, has a big square foot under him, a big square hind quarter and lots of length in him. We just couldn't part with him when we were done using him ourselves so he is now being used in our neighbours herds Trevor Anquist and Darcy Gulbraa.

Her son was our 2025 Champion Hereford Bull at Medicine Hat sold to Dallas Farms. Sire 27G was used heavily in Al's herd and is also the sire to 8J, herd bull that Stewart and ourselves have used the past 3 years.

Cow maker here... out of generations of females that have been top producers for us. His mother is a good young J cow with a beautiful udder and is bred to milk with XTC Extra Deep on the top of her pedigree and Dam 216G on the bottom, we're very excited for this cow's future. This is the first bull she's raised and we calved her first daughter out last year, who was arguably our best first calver in the bunch, another beautiful udder and doing an excellent job on her first calf. This guy has an excellent disposition, is solid marked, has eye pigment on both eyes and carries the 35J stamp.

We buy Stewart's top bull calves off him each year and this guy is no exception. He is solid marked, red cheeked, and going to be a big bull. His mother 38F has a perfect udder and feet and has raised bulls for Guenther Ranch and Marg Crawford. Wyatt Farms purchased 11J, our 2023 Medicine Hat Bull Sale Reserve Junior Champion Bull. Stewart was fortunate to use him for a breeding season on a small group as he was out of one of his favourite old cows, and this is one of few sons on offer.

This bull is one of the bigger Dozers, and we have definitely seen over the years how much performance they have thrown for us with multiple 4-h steer rate of gain wins, and some Champions in the ring as well for the girls. This guy is a prime example with his length, his muscle and is a deep flanked bull, and has the top yearling weight in this pen at 1269 lbs. Double goggle eyes, deep red color, and a mother that was built for longevity. 295C is a good udered, big long cow who still going strong at 11 years old and her mother 44Y we had up until last year was still raising us replacements and had a beautiful udder until the end. Here's a standout herd bull prospect from a cow with an impressive track record. 110M has a set of pants on him that we keep striving for in this breed. He is an easy keeper, big square red nuts, deep cherry red, with pigment on both eyes, really good haired, and a real nice disposition. It was a hard decision for us to keep him or his 3/4 brother that we are using next year to replace sire 98H. His dam 81C is an easy keeper, and we wish we had a whole herd of them. 81C has raised daughters for Shane Truby, Rafter UU, Rutledge Herefords, and a son to Frolek Ranch. Her daughters 36E and 58L we've retained in herd and are copies of their mother, beautiful udders and are top producing females.

Stud | Apr 28 2025 | Grey

REDFORDS CHARGEX	TWO EYED GREY BADGER
WASP ROAN BARS	PAHLS QUEEN BUCKSKIN
DIAL KING PAGE BAR	PAHLS QUEEN 540

This bright blue stud with a big hip and sweet head is a stallion prospect or the fanciest gelding in the pen. Dam has a maternal brother standing at Stud at Springwater Colony, Ruthildha, SK. Another good looking maternal brother is at Curtis and Becky's and is becoming their go to gelding. We would consider retaining this colt ourselves as this is the last Redford available but we already are using this line through the King stallion. Last year's foal sold to Neal McRae.

WATCH MAX WATCHIN

Stud | May 7 2025 | Grey

FE HAY DUDE	TWO EYED GRAY BADGER
MAX BET DUDE	PAHLS LAST 565
FANCY AND FOXY	PAHLS BO 565

Pahls Last 565 raised the high selling Drifter son last year at \$22000 to Ken Leskow, Edgerton. This fancy gray stud will have the potential to do the same. Sire, Max, was the high selling colt through this sale when he was a baby and we bought him back to replace Hay Dude when he moved on. Manageable high quality colts with color will always hold their value.

Gelding | Apr 28 2013 | Red Roan

PEPTOBOONSMAL	SOLANOS PEPPY SAN
BOONSMAL SAN LENA	SOLANOS MY DRY SAN
MISS SAN TART	DRY TIA MARIA

Pepper is a well broke 15.1 HH red roan gelding that rides like his pedigree. He is double bred Peppy San Badger with Dry Doc 17 and Smart Little Lena on his papers. I purchased this horse for my grandson Prior when he was 12 years old to help me move pairs and sort cows. It was the right horse at the right time and has been Prior's go to horse ever since. Pepper has a nice handle and will watch a cow. He has been to numerous brandings and has doctored his share of cattle. Prior is riding many of the young horses now so Pepper has had an easy summer. It's hard to sell such a good horse but we are happy he will be able to move on and do the same for his next family. Adults will also enjoy him as he hustles when he walks if asked, and has an easy smooth loose rein lope.

Rocket is a 15 HH home raised 5 yr old black gelding. This Drifter son has always been nice to be around as is his sire and dam. They have been popular in our last sales setting the bar as high sellers. This coal black gelding is at his best working cows. He will lock on and likes to sort but can be used in a variety of disciplines. Rocket is just the right age to go on and adapt to his new owner. He walks decent and has a rocking chair loose rein lope. Being only 5 he isn't as seasoned as the finished geldings but will no doubt mature with time and use.

TWO EYED GREY BADGER
MISS GRAY BADGER TWO
PAHLS RED QUEEN

This buckskin stud will be very athletic and stout like his sire "Bull". He has a nice head neck and slope to his shoulders. He has a big strong hip and hindquarters going down to a low set of hocks. If you're in the market for a stud prospect or an extremely well-built gelding we are proud to have raised a horse of this quality.

KAY CEE LEAGUER	LG HAVEA PILSNERDUDE
MAJOR KAYCEE LEAGUER	MYLAS KITTY
MISS SKIPPA NIPPER	KITTYS SLY SOCKS

This young filly was born in July. While she may be a bit smaller now, she will mature into a stout 15 hh plus mare. We kept back a full sibling to her as a family horse of our own. We really appreciate the foals from this mare – they are quiet, intelligent, and easy to be around.

XTRA WHITE MAGIC	MAJOR KAYCEE LEAGUER
HES SO EXTRA	EMBER LEAGUER WBBRC
BAY LIL LENA	BELLE KITTY WBBRC

This true bay filly with four black feet is going to be a looker. We really like the cross of this rugged ranch style mare and our “HES SO EXTRA” stud. We are very happy with the first foal crop from “HES SO EXTRA”, he passes down a lot of desirable traits into his offspring. This filly is very quiet and gentle with a soft eye. Ranch, rope, or a nice broodmare this filly can go in any direction.

TWO BLUE JAKE
HUMMIN PEPPY WBBRC
JRL ROSIES REMEDY

This is a clean brown filly with four black feet. She is quiet and soft eyed, a few characteristics that we breed for. The cross of this "Jake" bred mare and our stud "HES SO EXTRA" will be very trainable. "Jake" daughters put a lot of power and strength into their colts.

LG HAVEA PILSNERDUDE
SORREL GRADE MARE

This stout sorrel grade filly with a bold hip is on track to mature into a really correct mare like her dam. Her dam is a "Pilsner" bred mare with excellent heart girth, wither, foot and bone. Pairing these strengths with the gentle minded traits of the "Major" stud, Rosie will make a nice riding horse.

LBJ HUMMIN JAKE	LG HAVEA PILSNERDUDE
TWO BLUE JAKE	BELLE KITTY WBBRC
AJ TWO EYED KING	KITTYS SLY SOCKS

Bull is nothing short of impressive! This stallion is a son of TWO BLUE JAKE crossed with our best mare, a buckskin with the prettiest babydoll head. He is gorgeous to look at all day long with his superior muscling, strong hocks, big thick hip, good wither, and a very pretty head and neck with a correct shoulder. He has been rode on all aspects of the ranch and is a delight. With his low set of hocks, he can really move, but can also walk in and out of the branding pen like an old broke horse. Everyone needs a gelding like this horse. We are proud to have raised him.

IM A BIG LEAGUER	PONCHO SNIP NIPPER
KAYCEE LEAGUER	MISS SKIPPA NIPPER
PRETTY PINE LEE	MISS BAR SKIPPA

Major Kaycee Leaguer is a bay stallion with four coal black feet. He has sired a number of horses that are used in many different disciplines. He produces sharp headed horses and throws good withers and a foot with a strong heal. Major can be saddled up and rides off at any time. We are very fond of this Stallion as he continues to raise excellent prospects.

BLACK LITTLE LENA
BAY LIL LENA
CHEXY SAN FRITZ

I purchased HES SO EXTRA from the Smith Ranch out of Texas and am very proud to own a stallion of this caliber. We really believe in this stallion, not only because of his bloodlines but also his confirmation - powerful muscling and bone that carries into a strong set of hindquarters and low hocks. This stud is built to slide, stop and really turn around. I personally started and rode this stud as a two-year-old and everything was effortless. Easy to start, easy to train, and he consistently shows strong desire to work and please. For a young stud he has a ton of heart combined with his quiet, calm demeanor makes him handy and usable. I am excited to offer a couple of his first foals for sale.

SIRE: XTRA WHITE MAGIC (2017). His first foals arrived in 2021. Son of SHINERS VOODOO DR. \$87,098 and 46.5 AQHA points. NRHA Open Derby Co-Reserve Champion, finalist NRHA Open Futurity. Sire of 390 money-earners, \$4,803,263, and earners of 4,308 AQHA points, including SHINER ON MY EYE (\$187,555; split 4th NRHA L4 Open Futurity), LITTLE MISS VOODOO (\$113,811; NRCHA Open Stallion Stakes Co-Reserve Champion), XTRA NEW PAL VOODOO (\$109,894; 4th NRHA Open Futurity), WARLOCKS LAST STEP (\$105,327; Buckeye Friends of Reining L4 Open Futurity Reserve Champion), SWEET VOODOO MAMA (\$101,007; NRCHA Limited Open Futurity Champion), XTRA MAGIC DOCTOR (\$98,956 and 223.5 AQHA points; AQHA World Working Western Rail Ranch Amateur Reserve Champion; Superior Reining), SHEZA VOODOO DR (\$64,363).

DAM: BAY LIL LENA (2013). A daughter of BLACK LITTLE LENA, \$85,811; semi-finalist NCHA Open Futurity, finalist Augusta Open Classic, finalist NCHA Open Finals; 5th NCHA Super Stakes 7up Open. Sire of 24 money-earners, 19 AQHA point-earners, including COLOR OF NIGHT (\$17,428; Texas Open Derby Champion), BIRD OF PREY (83.5 AQHA points; 5th AQHA World Amateur Team Penning, Superior Team Penning), LENAS LITTLE SAMBO (P)
